Certificate Course on IT Tools for MSME

(Theory, Practical, On-Site & Off-site Training)

by

SRM - CESD in association with PPP INFOTECH LTD

About CESD ::

SRM Centre for Entrepreneurship and Skill Development (SRM-CESD) is an Institute established to promote youth with empowerment by providing them opportunity to acquire new skills through vocational training programmes. SRMCESD offers Certificate programs with industrial partnership imparting technical skills with basic theoretical concepts. The main aim of SRM-CESD is to empower the school students, school drop outs, unemployed and disadvantaged persons through appropriate skill development, leading to gainful employment or to become an entrepreneur.

About PPP ::

The history of PPP is as old as the history of Internet in India itself. Founded in 1995, PPP is one of the leading Internet software product developers in India and has played a significant role in creating and establishing user friendly products and services since the advent of Internet in India. PPP founded the Chennai chapter of the Internet Users Community of India (IUCI) and coordinated between various agencies to propel the growth of Internet use and notably instrumental in achieving - first Internet access node outside Chennai (in Trichy), decongestion of Internet dial-up lines and introduction of 172226 lines, publishing of SSLC, +2 exam results online. The company was instrumental in unleashing the Internet browsing center revolution in Chennai, which led the way for the whole country. The company has conducted thousands of seminars, training programs on Internet awareness, technology and usage for all segments of people. In the year 1999, for the first time in India, PPP created the Online Model Exam for TNPCEE for the benefit of student community. PPP in association with Government agencies offered Internet solutions to private and Government educational institutions in India. PPP's software products have been acclaimed by Indian and International media and featured in all leading magazines and websites abroad. The company's dedication in offering the best quality products and services constituted the key strategic factors towards success.
